

Locally-Developed Adult ESL Resources

The ESL instructors for ACCESS/Dearborn Even Start have designed a report card for clients to track their progress at mid year and year end. The tool reports attendance and addresses each student's strengths and areas needing improvement. The report card is used to help parents set their "parent as learner" goals.

Subject: English as a Second Language	Grade:	Comments: Strengths/Areas for Improvement/Next Steps
Speaking	S	Faziah is a good student and is making satisfactory progress. We recommend that she practice speaking English at home with her family members for 30 minutes a day. This is a good way to make improvement.
Reading	S	We recommend daily home practice sounding out words. It's a good idea to practice reading English with a friend or family member. We also recommend borrowing videos from the library on beginning reading skills.
Writing	S	Good work, Faziah!
Spelling	S	She can improve her spelling test scores by studying the spelling words daily and writing them down three times per day. Also try taking practice tests at home and checking the answers.
